Pinfa North America Announces New Workshop for 2020

Non-Halogen Flame Retardant Formulator’s Workshop:
Two Days of Class and Hands-on Demonstrations
Case Western Reserve University - Cleveland, Ohio

October 19-20, 2020

Objective

This course is designed to provide the basics and insights from experts to get a better understanding of the following:

**DAY 1 – Monday, October 19, 2020 (1:00 pm to 5:00 pm)**

- The Case for Flame Retardants/PINFA
- FR 101:
  - FR Mechanisms
  - Types of FRs, especially NHFR
  - NHFR Chemistries
  - Types of Flammability Tests
- Lab Tour and Hands on FR Testing/Videos of Large-Scale Tests

**DAY 2 – Tuesday, October 20, 2020 (8:00 am to 5:00 pm)**

- Approach to Formulating with NHFRs
- Specific NHFRs for Specific Polymers
- Case Studies on Actual Applications
- Future NHFR Developments and Approaches to Sustainable FRs

Benefits of Attending This Course

- Provide Basic Understanding of Flame Retardant Mechanisms, Ingredients and Tests
- Improve Understanding How Formulators Design Systems to Meet Application Needs

The Course Will be Taught By:

- Instructors Who Have Decades of Industrial Experience in Formulating and Compounding
- Combination of Presentations/Case Studies/Lab Tests & Tour- UL, Cone, Smoke Chamber etc.
